THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Campton in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Campton on Tuesday, the Ninth day of March, next at two of the clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see how much money the Town will vote to raise and appropriate for the maintenance of its highways and bridges.

4. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.

5. To see if the Town will vote to raise and appropriate the sum of \$100.00 for Memorial Day.

6. To see how much money the Town will vote to raise and appropriate for the White Mountain Region Association.

7. To see if the Town will vote to raise and appropriate the sum of \$125.00 for White Pine Blister Rust Control.

8. To see if the Town will vote to raise and appropriate the sum of \$1500.00 for the maintenance of Blair Cemetery and other cemeteries in Town.

9. To see if the Town will vote to raise and appropriate the sum of \$1486.50 to reimburse the Campton Village Precinct for hydrant rental.

10. To see if the Town will vote to raise and appropriate the sum of \$750.00 for the support of the Sceva Speare Memorial Hospital. (by request)

11. To see if the Town will vote to raise and appropriate the sum of \$750.00 for the support of the Campton Volunteer Fire Department.

12. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be set aside towards the trade-in of the road grader.

13. To see if the Town will vote to accept the reports of agents and officers heretofore chosen.

14. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this eighteenth day of February, in the year of our Lord nineteen hundred and sixty-five.

MAX G. HALEY

SHIRLEY E. TRACY

BERTRAM W. PULSIFER

Selectmen of Campton

A true copy of Warrant—Attest:

MAX G. HALEY

SHIRLEY E. TRACY

BERTRAM W. PULSIFER

Selectmen of Campton

Polls will open at 2:00 P. M. to vote for Town Officers. The remainder of the articles will be taken up at 8 p. m.

There are approximately 3,000 volumes in the library. It is open the first and third Saturday afternoons from 2 until 4:30. If the need becomes evident the trustees will be glad to plan additional hours.

The trustees have attended several discussion meetings with the officers of the State Library in regard to the State Wide Library Development Program which was approved without funds by the 1963 legislature. There is an appropriation bill pending in the legislature now. Funds from any state or federal agency, of course, leads to more control by the state.

Some books have been presented to the library by interested citizens this past year.

Following are a few of the books recently added:
For Young Readers

The American Revolution (revised edition) Trevelyn
A History of the United States for Young People
Sondergaard

All About Our Fifty States	Ronan
Golden Book of America adapted from American Heritage	
Know Your Government	Roos
All About Maps and Map Making	Marsh
All About Mountains and Mountaineering	White
Look At Guns	Lord
We Were There on the Nautilus	Webb

REPORT OF PUBLIC HEALTH NURSE

47 Main Street
Plymouth, N. H.
December, 1964

Mr. George C. Burhoe, Jr., Health Officer
Campton, N. H.

Dear Sir:

The following is a report of activities conducted in Campton, by the N. H. Division of Public Health — Public Health Nursing — for the year 1964.

In April 1964, a Sabin Make-up Clinic was held at the school to complete the series of 1963. Nineteen doses of Sabin were given.

On October 30th, a Tuberculin Sterneedle Testing program was conducted at the school. 145 tests were given — one and one-third per cent reacted. The reactors were followed through with Chest x-rays at the clinic in Plymouth on November 5th.

Several adults from the town took advantage of the State Mobil X-ray Clinic when it was in Plymouth on September 23rd. Others attended the Chest X-ray Clinic held semi-annually at the I. O. O. F. Hall in Plymouth under the N. H. T. B. & Health Association, co-operating with the N. H. Division of Public Health. Reports have been sent to all who attended. Previous notices were sent to all due to return.

Children have been seen at Crippled Children's Clinics, Cardiac Clinics, Pediatric Clinics and Psychological testing done. Home visits for follow-up have been made. Names were submitted to Plymouth Operation Santa Claus, for Christmas remembrances from the Firemen to worthy children.

I wish to thank the School Nurse, School Personnel, Draper Corp. Nurse and any others who have assisted in any way in the program the past year. It was greatly appreciated.

Respectfully submitted,
LOIS REED, R. N.
Public Health Nurse
N. H. Division Public Health

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy - both industrial and recreational - is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area—4,350,000 acres, is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A Tribute
to our
Veteran Officials

FAITHFUL OFFICIAL RETIRES

Our genial tax collector, Paul S. Durgin, retired on April 1, 1964, after twenty-nine years of faithful service. Tax Collectors, since the time of the Romans, have had the thankless job of collecting taxes assessed by someone else. Our "Mr. Tax Collector", over the past twenty-nine years, has done an exceptionally good job—not only in collecting taxes, but in his fair friendly relationship with everyone in town.

Paul was born in Thornton in 1892 and moved to his present residence about sixty years ago. For many years he and his father, Varnum, owned and operated a taxi service and were the owners of some of the first cars in Campton. This was in the times when a trip "Around the Mountains", was the highpoint in a person's life and many local people had their first trip in the Durgin's automobile. They also owned and operated Durgin's Filling Station for nearly fifty years being one of the very early sellers of Mobil products in town.

Paul is a member of Plymouth Lodge and Waumbek Encampment of the Odd Fellows. He was an active member of the Plymouth Fire Department for about thirty years, retiring in 1962. A banquet was given honoring Paul and several other members who had retired.

Over the years he has carried school children, as well as being a substitute R.F.D. carrier, and has served the Town as ballot clerk on numerous occasions.

In 1917 he married Gladys Dinsmore and they have three children and three granddaughters. George, who is making a career in the Air Force, Charles who is operating a Mobil station in Plymouth, and Mary who is employed by the Pemigewasset National Bank.

He loves to fish and has bought a Travel Trailer so that he can now spend his time traveling and fishing.

The Townspeople will miss him, but we are taking this way to congratulate him for a job well done and to wish him many years of good health and good fishing.

FAITHFUL PUBLIC SERVICE

Senator Lester E. Mitchell, Sr., who is serving his third term in the State Senate, will observe his 77th birthday on Town Meeting Day, March 9. He has served and still serves his community as Moderator, consecutively since 1929. He also served as Road Agent for 17 years. His fair-

ness in conducting Town Meetings throughout the years has made him invaluable to his community in this particular office, as well as his services in the State Legislature. He served as Representative two terms in 1933 and 1935, serving in the State Senate in 1939 and 1963 and again this term. He is currently chairman of the Liquor Committee, Vice-Chairman of the Fish and Game, also Agriculture Committees, and member of the Resources, Recreation and Development Committee. Last term he also served on the Military and Veterans Affairs Committee. Every bill and resolution that he introduced was passed and became law, including the House Bill for a single deer season. He was employed by the State as Liquor Inspector for twenty years. He was Superintendent of the Plymouth Fair for 27 years, and is a past president of the New Hampshire Maple Producers Association. He is currently President of the New Hampshire Electric Cooperative, Inc. He is a 60-year-member of Campton Grange, receiving his pin last year. He has a great sense of humor, and is an artist at telling stories.

Senator "Les" or "Mitch", as he is called by his host of friends has led an active and busy life, and has always taken a keen interest in affairs of his community and state. He keeps well informed on current affairs. He has lived in Campton most of his life, except about eight years when his parents sold the Mitchell homestead in Campton Bog and moved to Plymouth. About 1914 he bought back the homestead and he and his wife, the former Ethel Newton, returned to make their home there. He has been a successful farmer and sold farm equipment for many years. They had seven children, five girls and two boys.

One son, Harold, was killed while serving in the Army in Europe in World War II. His other son, Les-

ter E. Mitchell, Jr. and family live beside their Dad's home in Campton Bog. Mrs. Mitchell died several years ago, in 1949, but Senator "Les" has continued to reside in their home. Daughters include Mrs. Ruth Loring of Center Ossipee, Mrs. Lilla Sjostrand and Mrs. Arlene Horton, both of San Bernardino, Calif., Mrs. Alice Chapman of Brattleboro, Vt., and Mrs. Mildred Shepard of Goffstown. There are eleven grandchildren, and two great-grandchildren, and frequent family reunions are held at the Mitchell home, much to "Gramp's" enjoyment. In recent years he has visited his two daughters and families in California, making the trip by plane, which he found most pleasureable. His two great-grandchildren are grandchildren of his late son, Harold. They are children of Mr. and Mrs. Thomas Anderson, the latter a daughter of Harold.

Friends in the community congratulate "Mitch" on his coming birthday anniversary, and for his faithfulness to the community, and wish him many years ahead of service, good health and happiness, and, of course, story-telling.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident we can improve our fire record in 1965.

LIVERMORE FALLS DAM STUDY COMMITTEE

Plymouth, New Hampshire

December 18, 1964

Selectmen of Campton:

Gentlemen:

On behalf of the Livermore Falls Dam Study Committee, I wish to extend my sincere thanks for your vote against the high dam at Livermore Falls at your town meeting last March. Because of this interest we felt you should be informed of the present status. The latest information from the U. S. Corps of Engineers is a letter to Senator McIntyre, from which I quote in part:

"The study of alternatives to the Livermore Falls site has been initiated and currently some 30 potential sites are being examined. It is anticipated that detailed investigation of four or five of the most promising sites will be required before a firm basis on relative costs and benefits of the alternatives is available for comparison with the Livermore Falls project. As yet, it is too early to draw conclusions as to the relative merits and effectiveness of these projects. Due to the need for examination of all potential water needs, it is anticipated that the study will continue over a period of six to eight months. Upon completion of a report by the Division Engineer it will be forwarded to the Board of Engineers for Rivers and Harbors for review and recommendation. At that time the Division Engineer will issue a public notice setting forth his findings. You will be furnished an advance copy of this notice."

The Soil Conservation Service is interested in the Pemigewasset Valley and has initiated studies on the Beebe and Mad Rivers similar to the Baker River

projects and I quote in part a letter from Mr. A. C. Addison, State Conservationist, from Durham, dated December 7, 1964:

"I believe you are aware that the Soil Conservation Committee, the designated State agency to act for the Governor in PL 566 projects, took action to hold up planning on the Beebe River and Mad River Watersheds about one year ago pending the outcome of the Livermore Falls controversy.

At a recent meeting of the Soil Conservation Committee action was taken to return these watersheds to their original priority. This was done as a result of the Corps of Engineers being directed by a resolution of the Public Works Committee of the Senate directing them to study alternative sites in lieu of the Livermore Falls dam.

In view of the action and the fact that preliminary investigation was made on these watersheds, we will move ahead with planning as rapidly as possible. I am hoping that we will be in a position to start planning these watersheds during the summer of 1965.

Our preliminary investigation indicates that fairly good control can be obtained in the Beebe and Mad River Watersheds by one dam on each of these streams; however, we may find that this will be changed in final detail planning and in keeping with the decisions of local people and local sponsors."

From the above information it would seem that we should continue to push for the small dams on the tributaries, either thru the Soil Conservation Service, under PL 66, or thru the Corps of Engineers, or a combination of both. I am not sure that we have won the battle but in this way I hope we can keep the High Dam out of our Valley.

The Committee's expenses for 1964 have been met by contributions from Companies and organizations in the Valley so we do not need your town's appropriation for the present, but it may be possible we may need some of these funds in 1965, if you could hold it available, depending on the Corps of Engineers reports on the High Dam at Livermore Falls.

Very truly yours,

LIVERMORE FALLS DAM

STUDY COMMITTEE

FIRE CHIEF'S REPORT

1964—1965

This past year has been an uneventful one for the Fire Department. There have been few fires, although a woods fire during the Summer did prove to be a large one.

Our membership has remained large and steady. The firemen are still taking the Fire Training Courses taught by Instructor "Kip" Hawkins of Holderness. The fire department has recently purchased two Survive-Air Kits and Artificial Respiration equipment so that they may function more efficiently.

I would like to take this opportunity to speak out on fire extinguishers. If you have one in your home, did you realize that after approximately one year your extinguisher becomes inadequate and that you run the risk of not having fire protection from it in case of emergency. If anyone would like to have their extinguisher checked or re-charged, contact the fire chief, and at a small charge to cover the cost of materials it can be done.

STAN ROSEWARNE, Fire Chief

CAMPTON VOLUNTEER FIRE DEPT.

ANNUAL REPORT — 1964

Cash on hand January 1st, 1964:

General Fund	\$1,426.79
Emergency Fund (Savings Acct.)	2,577.91

HARRY W. CHENEY, Treasurer

**To Customers in the Campton, N. H.
Precinct, served by the Campton Village
Water Department:**

This will notify you that on January 18, 1965 the Campton Village Precinct (Water Department) filed with the N. H. Public Utilities Commission revised rates for water services, proposed for effect April 1, 1965, as follows:

Annual General Service	Per Year	
	Present Rate	Proposed Rate
First Outlet	\$20.00	\$25.50
First Lavatory	4.00	4.00
Additional Lavatories, each	2.00	2.00
First Toilet	4.00	4.00
Additional toilets, each	2.00	2.00
First Bath or Shower	5.00	5.00
Additional baths or showers, each	2.50	2.50
Additional outlets, other, each	2.00	2.00
Minimum Charge - first outlet		
Contract - 12 consecutive months		

Seasonal General Service

Rate per season same as annual rate.
Minimum Charge - first outlet
Contract - 6 consecutive months

Municipal Fire Protection

Each Hydrant	\$50.00	\$80.00
--------------	---------	---------

Private Fire Protection

	Per Month	
Each 6" connection	\$10.00	\$13.20
Each 8" connection	20.00	26.00
Each Hydrant	3.00	3.30

The proposed rates are the same as the rates which will be effective in the Town of Thornton, N. H., April 1, 1965.

School District

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Campton qualified to vote in district affairs:

You are hereby notified to meet at the Campton Elementary School in said district on the fourth day of March, 1965, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the School District will vote to adopt a plan for extending to employees of the School District the benefits of title II of the Federal Social Security Act (Old Age, Survivors and Disability Insurance) as authorized by Chapter 101 of the Revised Statutes Annotated amended by Chapter 302 and 332 of the Laws of 1955 and to raise and appropriate the sum of \$87.30 to defray the District's share of the cost thereof.

10. To see if the District wishes to exclude from the plan services in any class or classes of positions filled by popular election.

11. To see if the District wishes to exclude from the plan services in any class or classes of positions the compensation for which is on a fee basis.

12. If a plan for Social Security coverage is adopted, to see if the District will authorize the Campton School Board to execute on behalf of the District the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the District will designate the School District Treasurer as the officer to be responsible for the administration of the plan.

13. To see if the District will authorize the School Board to negotiate one or more tuition contracts with other School Districts for the education of children in grades 9-12.

14. To transact any other business that may legally come before this meeting.

Given under our hands at said Campton this 17th
day of February, 1965.

REPORT OF SCHOOL NURSE

During the year the nurse made forty visits to the school. Children were inspected each visit for symptoms of sickness, pediculosis or skin infections. Each child was also weighed and measured for growth development.

Vision and hearing tests were conducted on each pupil and where testing indicated possible abnormality, notices were sent home to parents advising them to check with their family physician.

Conferences with the teachers and Principal were held regularly and pupils whom they thought should be seen by the nurse were checked whenever visits were made.

Several Clinics were arranged and held. Intradermal T. B. Tests were done on 146 pupils as well as teachers. The nurse also assisted in a Sabin Oral Polio Clinic. Arrangements were made and assistance given for appointments with the Crippled Children's Clinic in Hanover, Child Guidance Clinic and Sight Conservation.

A pre-school registration was held in May for children who were entering first grade.

During the year, eighteen home calls were made, many telephone calls from parents were answered and advice or recommendations given.

Respectfully submitted,

HELEN H. FISHER, R. N.

SUPERINTENDENT'S ANNUAL REPORT

Hereby submitted is my annual report as your Superintendent of Schools.

September brought about a number of staff changes in your school. Mr. Paul Twombly resigned for purposes of professional improvement, Mr. Benjamin English found employment nearer home in Massachusetts and after many years, Mrs. Lavinia Dole retired. This created three vacancies which needed to be filled. Mrs. Evelyn MacNeil, a recent Plymouth State College graduate, was employed to teach Language Arts and Reading in grades 5 through 8; Mr. Thomas Tilson from Hofstra University to do the Social Studies and Mrs. A. J. Grant, a graduate of Plymouth who had attended the University of New Hampshire and other schools was employed as Principal and teacher of Mathematics in the above-mentioned grades. Due to unforeseen circumstances, Mr. Tilson resigned before Christmas and has been replaced by Mr. Bert Tkach. He, too, graduated from our local college and has been here working on a Master's Degree. All of our teachers have worked out exceedingly well and have proven to be capable instructors. The staff was completed when Mr. Langdoc, a graduate of Boston University College of Music was hired as Music Supervisor. He teaches in Union #48 (except Plymouth) three days each week and the other two days in Ashland.

There have been minor changes at the school with the new administration which seems to be all for the good. Our athletic program has proven to be well received and popular and the support of interested parents has been appreciated. We now have a league which has regularly-scheduled games in Flag football, basketball and baseball for the boys. It created a good deal of school spirit and pride when the boys

won the league Flag football championship this Fall. Although as yet the girls play no regular schedule, they do have a basketball team and may play softball in the spring. All these activities are good from many points of view and I am in approval as long as studies are not affected.

Our lunch program is still a good one and remains in the capable hands of Mrs. Sargeant as Supervisor and Mrs. Rosewarne as her assistant. I don't think I need to tell you a warm nutritious meal at noon makes a big difference in over-all school accomplishment and health.

For this year, a new text book in Modern Mathematics was selected by a committee composed of teachers from the Union and is being used throughout the school. Mr. Twombly was chairman of the committee and in my opinion, they made a wise choice. There are so many variations of the so-called modern math, a decision is hard to make. The text chosen provides an approach that still has new ideas but also devotes plenty of time to fundamentals and their development. This year the new reading system will be extended into grades 5 & 6. Our next consideration will be the adoption and use of Science texts and Language Arts in that order. The books we are now using in these areas are nearly eight years old and should be replaced. Hopefully we will be able to do half of each series this year and complete the work with the March Budget for 1966.

I am pleased to see the interest and work on a school library. This is an area where most small elementary schools are weak and I think we have a fine start. The help from various sources in the forms of materials and labor is much appreciated. Most important, we are fortunate to have a teacher (Mrs. Morse) who has taken a course in library science and has been willing to assist in getting started. I usually do not make comments concerning other organizations

that assist in promoting schools but your P.T.A. deserves commendation for the interest they take and the help they provide.

The cooperative school study committee you appointed at your last meeting has been meeting regularly since September to try to find a solution to our Junior High School and High School problem. At this point, the majority of the Planning Board agrees that a solution which would take care of grades 7-12 is the best answer. The study is far enough along at this point so your committee could give you a preliminary report, if you desire one, at your annual district meeting this year. I realize full well that many of the small towns where there is presently space enough for the 7th and 8th grades are resistant to this type of program but, in my opinion, this junior high school area is the one at the present time which is most neglected. Admittedly in the course subjects of Math, Science, Language Arts and Social Studies we do very well, but improvement could still be made under a system where there are enough students together to make competition keener and specialists in each area to do the teaching. This, however, is only part of the problem. In preparing for High School today, it is assumed that young people will have been exposed to regular classes of Home Economics for girls and Industrial Arts for the boys, a Foreign Language with Language Laboratory facilities on an elective basis, and regular classes in Physical Education, Art and Music. Along with the physical education would be included interscholastic and intramural athletic programs with adequate facilities and trained coaches. Plymouth and Ashland are the only two towns involved in the study who at the present time anywhere near meet these requirements. It is obvious from the way honors are distributed at high school graduation each year we are not failing from a purely academic point but we are not doing nearly as well as we could with the group of graduates who do not continue their education and are on the market

for work. In a larger high school, we could not only offer a greater academic selection of courses, but could expand our program to the point where young high school graduates would be a more salable commodity on the job market. In addition to this, with an expanded curriculum, our holding power on students would increase and a larger percentage of boys and girls would receive a high school diploma. As the study progresses and certain facts are known, as many hearings in each district will be held as are necessary to see that the townspeople know the full story. Besides the facet that a better education will be provided, which should be of primary importance, attendance through grade 12 should be increased and made easier for all pupils where the cooperative district furnishes transportation. It is difficult to make clear without seeming to threaten or intimidate a district or a group of voters, but a great deal of thought should go into the decision every citizen makes who is interested in the education of children as to what the alternatives are if other districts go along without them.

Respectfully submitted,

M. WAYNE BOWIE,

Superintendent of Schools

EXPLANATION OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953, of the State of New Hampshire, requires that the school district annual reports show the total amount paid to the superintendent of schools as per the following quotations: "Reports. Each superintendent of a supervisory union shall annually prepare a report showing the total salary paid to the superintendent, which report shall show in detail the amount derived from the per capita tax and the amount paid directly by each school district in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The Superintendent of Supervisory Union No. 48 during 1963-64 received a salary of \$9,700.00 which was made up as follows: \$4,500.00 paid from the per capita tax and \$5,200.00 prorated among the several school districts. Allowances of \$1,100.00 for travel within the union was also prorated as stated above. The several school districts now number five since, by State Department of Education directive, Woodstock School District is no longer a part of Supervisory Union #48.

The table shows the portion of salary and travel charged to each school district.

	Salary	Travel
Campton	\$ 1,049.90	\$ 220.00
Plymouth	2,568.80	543.40
Rumney	800.80	169.40
Thornton	514.80	108.90
Wentworth	275.60	58.30
	<hr/>	
	\$ 5,200.00	\$ 1,100.00

Superintendent's Salary for 1963-64 based on the above figure is reconciled as follows: \$4,500.00. paid from State per capita tax plus \$5,200. paid by various districts, equals \$9,700. — Superintendent's basic salary

M. WAYNE BOWIE

Superintendent of Schools

By further directive of the State Department of Education, the School District of Warren will become a part of Supervisory Union #48 as of July 1, 1965.

PRINCIPAL'S REPORT

The following is hereby submitted to the Campton School District as my report as Principal of the Campton Elementary School.

School began September 9, 1964 on an unusual note for Campton - 50% of the teaching staff was new. Naturally, a new Principal and new teachers meant changes in policy and teaching method, which, in turn, indicated a period of adjustment on the part of the pupils. The curriculum remained basically unchanged in the lower grades; in the upper grades Art and Music were added, and Literature was included in the Language Arts (English) course. The most radical change was in the scheduling of classes — the lunch period and recesses were shortened, the opening homeroom time abbreviated, in order to provide six forty-five minute classes and one, for spelling, of twenty minutes.

A general tightening of discipline was helped by the new schedule, which gave the pupils less idle or free time, and an after-school detention period also encouraged proper school conduct. The ensuing weeks saw a gradual change as students and teachers adjusted to one another until a point was reached, after the Christmas recess; when it was felt that, since the students understood fully what was expected of them, supervision could be relaxed. This estimate proved faulty, and after a teacher's meeting at which time I asked for criticism and comment, more strict supervision was again imposed. Teachers and students both seem to enjoy a learning atmosphere afforded by a reasonably close control, and such control will be continued.

The re-distribution of various supplies has resulted in the addition of a permanent library in a room adjacent to, and entered from, the Activity Room. The

P. T. A. accepted the library as one of its projects, and the construction of shelving has been completed. The school librarian, Mrs. Morse, with the help of many mothers, has finished the difficult task of cataloging the books, and the library should be in operation when this report is read. Students will derive numerous benefits from this small but efficient library, and it will prove a definite asset.

An Honor Roll at school has had a response far exceeding expectations. The Honor Roll has stimulated interest in and respect for academic achievement; which is most encouraging, since it is felt that while the average achievement level in Campton is above the national average, it is still lower than that desired for reasonably assured success at a higher scholastic level.

A school paper, the Campton Pioneer, made its appearance shortly after the start of school, and there have been ten issues to date. The children appear to be pleased to have their own paper, and through this and the Campton Elementary School News column in the Plymouth Record, it is hoped that parents and townspeople will be kept well informed as to school happenings. There can be much learned by having a school paper, and the teachers have seen an immense change and improvement in the quality of the material submitted for publication.

The athletic program continues to expand and improve — Flag football was introduced last fall, and a girls basketball team was organized this winter in addition to the boys team. This spring there will be a boys baseball team, a girls softball team, and some work will be done in track. A comprehensive physical education program is still in the planning stages, made difficult by the equipment available, limited indoor space, and weather considerations.

Educational television continues to be used and enjoyed by the lower grades, with the increased power of Channel 11 giving much finer reception.

The Hot Lunch program is again being administered by Mrs. Sargeant, assisted by Mrs. Rosewarne, and Mr. Still continues his fine work as custodian.

When parents, the School Board, and the P.T.A. support and work with the Principal and the teaching staff in any given school, the usual result is a well administered program which progressively increases in over-all benefits to be derived by the children. I am most pleased to report that I feel that this has been true in Campton this year, and I have every reason to think that it will continue.

Respectfully submitted,

A. JAY GRANT

Principal

Campton Elementary School

SCHOOL CALENDAR SUPERVISORY UNION #48

1965 — 1966

September 8, 1965	Schools Open
October 12, 1965	Schools Closed - Columbus Day
October 15, 1965	Schools Closed - Teachers' Convention
November 11, 1965	Schools Closed - Veterans' Day
November 24, 1965	Schools Close for Thanksgiving
November 29, 1965	Schools Reopen
December 22, 1965	Schools Close after all-day session - Christmas
January 3, 1966	Schools Reopen
February 18, 1966	Schools Close - February Vacation
February 28, 1966	Schools Reopen
April 22, 1966	Schools Close - April Vacation
May 2, 1966	Schools Reopen
May 30, 1966	Schools Closed - Memorial Day
June 22, 1966	Schools close

This calendar allows for 183 school days. Three days may be lost because of storms or other emergencies. Schools in various towns will close in June after 180 complete days.
